

# HIGHWATCH: THE TEACHING OF EMMA CURTIS HOPKINS

A special workshop  
with **Rev. Ute-Maria Cedilla**

Saturday April 28, 2018

10:00 am - 4:30 pm

Connect with the power and mystical revelations of this New Thought pioneer - the Teacher of Teachers.

There is mystical power in Emma's language, as it goes to a place within that is deeper than the intellect, beginning a process of profound transformation. Through this powerful workshop, you will experience the conviction and energy of Emma.

Highwatch is a breakthrough work that will allow you to step through the veil into a deeper understanding of Principle and of yourself. You will embody the same consciousness that inspired her students to change the world, through the founding of Religious Science, Unity, Divine Science, and many more.

Rev. Ute Maria Cedilla is a noted and passionate authority on the teachings of Emma Curtis Hopkins. She is a Religious Science and Interfaith Minister, and has published a compilation of Emma's books *High Mysticism* and *Resumé* entitled *Highwatch, the Mysticism of Emma Curtis Hopkins*.
